

Remarks

Claims 32-35 and 37-40 are allowed.¹ Claim 32 is amended to add the word “and” at line 13 for proper grammar. In the Notice of Allowance, the listing of claims seems to have dropped the word “presenting” at line 2 of claim 37, and so the word “presenting” is added back to the claim for purposes of clarity.

The amendment is directed to formal matters and is believed to be proper under Rule 312. See MPEP 714.16 (“After the Notice of Allowance has been mailed, the application is technically no longer under the jurisdiction of the primary examiner. He or she can, however, make examiner’s amendments (see MPEP § 1302.04) and *has authority to enter amendments submitted after Notice of Allowance of an application which embody merely the correction of formal matters* in the specification or drawing, or *formal matters in a claim* without changing the scope thereof, or *the cancellation of claims from the application*, without forwarding to the supervisory patent examiner for approval.”) (emphasis added).

¹ The Notice of Allowability states that claims 33-35 and 37-40 are allowed, but because the Examiner’s Amendment refers to claim 32 and the index of claims document on PAIR states that claim 32 is allowed and is to issue as claim 1, Assignee believes the omission of claim 32 is a typo.

If there are any issues that can be resolved via a telephone conference, the Examiner is invited to contact the undersigned directly at 404.745.2447. While no additional fees are believed due, the Commissioner is hereby authorized to charge any additional fees and credit any refund to Deposit Account No. 11-0855.

Respectfully submitted,
